GENERAL INFORMATION

THE QUARTER SYSTEM

The system prevailing in the University of dividing the work into quarters is adopted in the Law School. The quarters are designated as the Summer, Autumn, Winter, and Spring Quarters, beginning respectively in 1930–31 on June 16, October 1, January 2, and March 30. Each quarter is from eleven to twelve weeks long, and the Summer Quarters are divided into two terms. A recess occurs between successive quarters, except between the Spring and Summer Quarters. Any three quarters count as an academic year, and it is thus possible to complete the three-year law course in two and one-fourth calendar years.

The work of the Law School is so arranged that it is possible for beginning first-year students to enter only at the opening of the Summer or Autumn Quarters. Senior College students should plan their work so as to be eligible to enter the Law School in June or September. Students admitted to advance standing may usually enter without difficulty in the middle of the Summer Quarter or at the beginning of any quarter. No courses begin in the middle of any quarter, save in the Summer Quarter, and with the further exception that seminar courses may occasionally be scheduled to begin in the middle of the Winter Quarter.
