Introduction

This bibliography was undertaken to commemorate the Centennial of the Law School in 2002-2003, to document the extraordinary amount of scholarly work published by its faculty, and to compliment the Law School’s commemorative book. We located more than 6,300 books, articles, reviews, and newspaper op-ed pieces.

Scope

This bibliography covers all faculty of the Law School, as listed in the Law School Alumni Directory, during the times that they taught here. For professors who left to teach at other schools, works published up to one year after they taught here are include.

The sources of citation include the Law School Announcements (the annual course catalogue), the Index to Legal Periodicals, LegalTrac, the Library Catalog, and bibliographies and curricula vitae on file with the Law Library. Citations that appeared in the Announcements that could not be verified were included as they appeared. Every attempt has been made to remove duplication.

Sorting: Entries are sorted by the first University of Chicago author, then by year of publication, then by title.

We will continue to update and correct the bibliography in its online version, which resides on the D’Angelo Law Library’s web site.
