III. ORGANIZATION AND EQUIPMENT.
GENERAL STATEMENT.

The Law School of the University of Chicago was opened October 1, 1902. Its purpose is to give a thorough legal training to students whose education and maturity have fitted them to pursue serious professional study. The method of instruction—the study of cases—is designed to give an effective knowledge of legal principles and to develop the power of independent legal reasoning. The course of study offered, requiring three years for completion, is not local in its scope, but constitutes a thorough preparation for the practice of law in any English-speaking jurisdiction.

Only college graduates or students who have had three years of college work are admitted as regular students, candidates for the degree of Doctor of Law (J.D.)†. One year of law may be counted as the fourth year of college work, enabling both the academic and the professional degree to be taken in

*On leave of absence from Harvard University, 1902-4.
†This form of degree (Juris Doctor) has been chosen as appropriate for graduate professional work, after consultation with other graduate law schools and in the expectation of its adoption by them in the near future.
†Beginning with the year 1904-5.
six years. Mature students of promising ability who cannot meet the above requirements may be admitted as candidates for the degree of Bachelor of Laws (LL.B.) upon the conditions stated below under “Admission Requirements” and “Degrees.” It being very desirable that the preliminary education of law students should include work in History, Economics, and Political Science, provision has been made in the third college year for pre-legal study devoted chiefly to these subjects. This course is not required, but students expecting to study law are strongly advised to pursue it. Its suggested topics are found below under “Pre-Legal Curriculum.”

THE LAW BUILDING.

The Law School occupies a new building within the University Quadrangles, completed in April, 1904. It is three stories high, 175 feet long and 50 feet wide, built of stone in the English Gothic style of architecture. On the first floor are two large lecture rooms in amphitheater form and two smaller class rooms. The library stack-room occupies a mezzanine floor containing steel stacks for 75,000 volumes. Here also are studies for members of the Faculty and the Librarian. On the third floor is the library reading-room, a great hall with high timbered ceiling, 160 feet long and 50 feet wide, lighted on all sides by Gothic windows. It has wall shelves for 12,000 volumes and furnishes seats for 400 readers. The Dean’s office opens off from the reading-room. In the basement are the locker-room, toilet-rooms, smoking-room, law club-room, women’s room, service hall, and ventilating apparatus. All the woodwork and furniture of the building are of dark oak; it is provided with an interior telephone system, and is lighted by electricity throughout. In every respect it is one of the most completely equipped buildings devoted to the study of law in this country.

THE LIBRARY.

The Law library consists of about 22,000 volumes. Except a very few collateral issues, it contains all of the American, English, Irish, Scotch, Canadian, Australian, New Zealand, and higher Indian reports. The collection of codes and statutory revisions is practically complete for all English speaking jurisdictions; of many states the session laws are complete; of most states they run back fifty to seventy-five years; and of nearly all they are complete from the earliest revision to date. The treatises and periodicals comprise all English and American legal publications in current use, and a considerable number of old English treatises of historical value. There is also a large collection of reports of trials, including a nearly complete set of the Old Bailey and Central Sessions cases, containing the records of English criminal trials for nearly two centuries. A working library in foreign law is being bought.

Students in the Law School have the right to use the other University libraries, containing about 350,000 volumes.

PRACTICE COURSES AND MOOT COURTS.

To familiarize students with the more generally prevailing rules of procedure in American courts, courses in Practice are offered continuing through two years. The course for Second Year students deals with proceedings in suits before judgment; and the course for Third Year students includes judgments and all subsequent steps for their enforcement or review. Both courses are required of all Law students.

A number of law clubs exist which hold Moot Courts with the advice and assistance of members of the Faculty. Students are encouraged to form or join these bodies and to take part in their proceedings.

REQUIREMENTS FOR ADMISSION.

I. ADMISSION TO THE PRE-LEGAL COURSE.

Admission to the pre-legal course is granted:
1. To students qualified for admission to the Senior Colleges* of the University.
2. To students registered in the Junior Colleges* who have credit for 18 Majors' of work in the University. Such students must by the end of the pre-legal year have completed the work required for admission to the Senior Colleges.
3. To students who have completed at other colleges work entitling them to 18 Majors' (two years') credit in the University. Such students may be required to give the time otherwise free for elective work to courses prescribed by the University for the Bachelor's degree.

The pre-legal course is not required for admission to the professional course, but students intending to study law are strongly advised to take this course in their third college year.

II. ADMISSION TO THE PROFESSIONAL COURSE.

a) Admission to the professional course as candidates for the degree of J.D. is granted:
1. To graduates of colleges whose work is equivalent to at least 27 Majors' (three years') of college work in the University.
2. To students who have successfully completed the pre-legal course, and have credit for 27 Majors' (three years') work in the University.
3. To students who have credit for 27 Majors' work in the University, and have completed all Junior College work prescribed for the college in which they are registered.
4. To students who have completed at other colleges work entitling them to 27 Majors' (three years') credit in the University.

Students admitted under sections 2, 3, and 4 above

*The work of the Junior Colleges comprises that of the first two years in college; the Senior Colleges that of the third and fourth years.
must have completed the requirements for admission to the Junior Colleges of the University.

b) Admission to the professional course as candidates for the degree of LL.B. is granted:

1. To students over twenty-one years old who are qualified for admission to the Junior Colleges of the University (the usual college entrance requirements—ordinarily equivalent to four years of high-school work). The degree is granted to those only who complete the course with a high average standing.

c) Unclassified students.—In rare instances students over twenty-one years old who cannot meet the above requirements will be admitted as unclassified students, if the Law Faculty are convinced that their previous training will enable them satisfactorily to pursue the work. Such students are not candidates for a degree.

III. ADMISSION TO ADVANCED STANDING.

Students from other law schools in good standing, who are otherwise qualified to enter this School, will ordinarily receive credit for work and residence satisfactorily completed at such schools corresponding in amount and character to that required at this School. Not more than eighteen Majors of work or six Quarters of residence will be thus credited, and the Faculty reserves the right to refuse such credit, in whole or in part, save upon examination.

Students who are candidates for the degree of Bachelor of Laws must be twenty-two years old to be admitted to second year standing, and twenty-three years old to be admitted to third year standing.

No credit will be given for work not done in residence at a law school.

DEGREES.

The University grants the degree of A.B., Ph.B., or S.B. to Law students who have complied with the requirements for admission to candidacy for the degree of J.D. (including the Junior College entrance requirements) and who have successfully completed one year of the professional course of the Law School. Students who are not graduates of colleges whose work is equivalent to at least 27 Majors' (three years) work in the University must obtain the Bachelor's degree from the University before receiving the degree of J.D.

The degree of Doctor of Law (J.D.) is granted to candidates therefor who are college graduates and have successfully completed the three-year professional course.

The degree of Bachelor of Laws (LL.B.) is granted only to candidates therefor who have successfully completed the professional course, and have maintained a high average standing in their work.

To obtain either of the professional degrees it is necessary satisfactorily to complete twenty-seven Majors of law work, distributed over nine Quarters of law school residence, of which at least nine Majors of work and three Quarters of residence (including the last Quarter for which credit is given) must have been at this School. The required Practice courses must also be taken.

Candidates for either of the professional degrees who complete the course with high distinction will receive the degree cum laude.

No student may receive both an academic and a professional degree in the same Quarter.

GENERAL INFORMATION.

THE UNIVERSITY YEAR.

The system prevailing in the University of dividing the work into Quarters is adopted in the Law School. The Quarters are designated as the Summer, Autumn, Winter, and Spring Quarters, beginning respectively in 1904 and 1905 on June 1st, Oct. 1, Jan. 1, and April 1. Each Quarter has two Terms. A recess of about one week occurs between the end of each Quarter and the beginning of the next, except that there is no recess between the end of the Spring and the beginning of the Summer Quarter, and that there is a recess during September at the end of the Summer Quarter.

MAJORS AND MINORS.

Courses of instruction are arranged upon the basis of Majors and Minors. A Major (Mj)=4 or 5 hours instruction a week for the Quarter. A Minor (Mi)=that amount of instruction for one Term (half the Quarter).

ROUTINE OF ENTRANCE.

Applications should be addressed to THE UNIVERSITY OF CHICAGO, Chicago, Ill. If the student coming from another institution holds a degree, he should present his diploma; if not certain that his degree is equivalent to three years of college work in the University, he should also bring a detailed statement of his work; if he does not hold a degree, he should bring his letter of dismissal and a card of admission-credits, or detailed statement of work. Blank forms for such statements will be sent upon application. All entrance credentials should be presented at the office of the Dean of the Law School. In case of doubt, correspondence is invited upon these matters before the student presents himself for admission. Detailed directions will be furnished in the Dean's office as to the mode of matriculating and registering for courses of instruction.

FEES FOR MATRICULATION, TUITION, ETC.

1. Matriculation Fee.—The matriculation fee is $3, and is required of every student on entrance to the University. It is payable but once.

2. Tuition Fee.—For the professional course the tuition fee is $50 per Quarter ($1.5 per Term). A reduction of one half is made to students who take only half work or less. Three Majors is regular work. There is no extra charge to students registered in the Law School for extra work taken with the consent of the Dean. Students not registered in the Law School must pay $5 per Major extra for each law course taken.
ANNOUNCEMENTS

This does not apply to required law courses taken by fourth-year students registered in the College of Commerce and Administration; nor to the law courses offered by members of the Department of Political Science as a part of the work of that department. Undergraduate students not registered in the Law School must pay $30 for each Major law course taken as extra work. For the pre-law courses the tuition fee is $40 per Quarter for regular work. For extra work $15 per Major is charged.

3. Diploma and Certificate Fees.—The charge for the diploma of the University is $10, and the certificate $5.

4. Payment of Bills.—All tuition fees are due and payable on or before the first day of each Quarter. They are payable to the Registrar, Cobb Lecture Hall, Room A7.

ROOMS, BOARD, AND GENERAL EXPENSES.

Nine dormitories have thus far been erected within the Quadrangles. Two of these are reserved for the students of the Divinity School and four are for women.

The cost of rooms in the dormitories is from $14.00 to $75.00 per Quarter of twelve weeks. This includes heat, light, and care. The University furnishes table board for men at $3.50 per week in the newly established University Commons in Hutchinson Hall. A restaurant where food is furnished to order at moderate rates is maintained in the same building.

All applications for rooms, or for information concerning rooms and board, within or without the Quadrangles, should be made to the Registrar, who will send special circulaires upon application.

The following table will furnish an estimate of the monthly expenses for thirty-six weeks of a student in the University residing within the Quadrangles:

<table>

It is believed that students who find it necessary to reduce expenses below the lowest of these estimates can do so. Rooms outside the Quadrangles, furnished, with heat, light and care, may be obtained at from $1.00 a week upwards, the $1.00 rate being easily secured where two students room together. Many places offer room and board from $4.50 upwards. There are student clubs which secure board at cost, the rate during the past year ranging from $2.75 to $3.50 a week. A list of approved boarding places outside the Quadrangles is kept on file at the Information Office, Cobb Lecture Hall, where information regarding them may be obtained.

SELF-HELP FOR STUDENTS.

A considerable number of students manage in various ways to earn a portion of their expenses while in the University. The needs of a large city afford opportunities to part of these, and a smaller number obtain remunerated service with the University. The latter resource is open to those only who have spent at least one Quarter in residence at the University.

All inquiries regarding self-help for students should be addressed to the Registrar, Cobb Lecture Hall.

PRIVILEGES.

Students in the Law School are entitled to all the privileges of the University. There is no additional charge (except a locker fee) for the use of the Bartlett Gymnasium, for medical examination and advice from the University physician, or for admission to courses in the Colleges and Graduate Schools of Arts, Literature, and Science. Laboratory fees are extra. Law students may become members of the Reynolds Club upon the same terms as other students.

SCHOLARSHIPS.

A small number of scholarships, each yielding the amount of the tuition fees for a year, are awarded annually to meritorious members of the Law School needing such assistance, in return for service in the Law Library. A preference is given to students who have spent a year or less in other institutions. Scholarships for the summer Quarter only are awarded separately. All applications for scholarships must be accompanied by such statements and recommendations as may be proper, should be made in writing to the Dean of the School before June 1.

REGULATIONS.

Law students who are candidates for an academic degree from the University, and do not hold such degree, or for any course, or for any uncompleted course, or for any in which the student has failed in the examination. Additional examinations in First Year subjects will be held the last week in September for admission to advanced standing and for the removal of conditions. All examinations are by printed questions to be answered in writing.

Regular attendance at class exercises is required as a condition of receiving credit for work done, and the privilege of membership in the School may be withdrawn for unsatisfactory work or attendance.

The work of the first year and the Practice courses are required. The second and third year courses are...
elective and may be taken without requirement of fixed succession. Students are advised to postpone starred (*) courses to the third year.

In any one Quarter First Year students may not register for more than three Majors; nor Second or Third Year Students for more than three and one-half Majors’ work, without the consent of the Dean. Not more than ten and one-half Majors’ credit toward graduation may be obtained in any three consecutive Quarters.

IV. COURSES OF INSTRUCTION.

Summer Quarter, 1904—Spring Quarter, 1905.

M=Minor course=a single course for six weeks. DM=Double Minor course=a double course (two hours daily) for six weeks.
Mj=Major course=a single course for twelve weeks. DMj=Double Major course=a double course for twelve weeks.

THE PRE-LEGAL CURRICULUM.

The pre-legal curriculum in the first year of the Senior College (the third year of the college course) is intended to direct the college work of those who expect to devote themselves to law, to studies which, without being professional, are of special value and interest to the future lawyer. It is not required, but students are strongly advised to pursue it.

The following courses are particularly recommended:

<table>

The three Majors remaining the student is advised to select from the following list of courses:

Accounting.

Comparative Politics.
Comparative National Government.
Constitutional History of England since 1688.
Criminology.
Europe in the Nineteenth Century.
Federal Government.
Finance.
Financial History of the United States.
History of Political Ethics.
Logic.
Money and Practical Economics.
Municipal Government.
Prize Social Control.
Technique of Trade and Commerce.

Students are expected to have had the usual course in Civil Government in the United States (Department of Political Science, Course 1) before entering upon the pre-legal work; if not, they should make up that course during the pre-legal year.

Notes.—For detailed information concerning the above courses, see the Announcements of the Departments of History, Political Science, Political Economy, and Sociology, which will be sent upon application to THE UNIVERSITY OF CHICAGO.

THE PROFESSIONAL CURRICULUM.

The Professional Curriculum includes the following courses:

* Besides candidates for the degree of J.D., the above list includes 16 candidates for the degree of L.L.B. who have had two or more years of college work, and 8 who have had one year. Students from other colleges whose work at the University has been entirely in the Law School are credited to their former colleges only, though they may have obtained an academic degree from the University.
THE SUMMER QUARTER, 1904.

The Law School of the University of Chicago continues its regular courses of instruction through the summer. Full work is provided for both beginning and advanced students. Law students may continue their work during the summer, thus shortening the calendar time of the three years' course without reducing the period of actual residence. Students may also begin their law studies with the expectation of going on either in the Autumn Quarter or in the Summer Quarter of the following year. This affords a special opportunity to teachers who desire to take up the study of law, and to young practitioners who may wish to pursue studies in some particular direction.

The students of the Law School are entitled, as members of the University, to the use of the gymnasium, to admission upon the regular terms to the Reynolds Club, and to all other privileges which the University affords students.

The Summer Quarter opens June 18, 1904, and ends September 2. The First Term ends July 27; the Second Term begins July 28.
