ORGANIZATION AND EQUIPMENT

GENERAL STATEMENT

The University of Chicago Law School was established in 1902. It aims to give a thorough legal training to students whose education and maturity have fitted them to pursue serious professional study. The method of instruction employed—the study and discussion of cases—is designed to give an effective knowledge of legal principles and to develop the power of independent legal reasoning. The course of study offered, requiring three academic years for completion, is not local in its scope, but constitutes a thorough preparation for the practice of law in any English-speaking jurisdiction. By taking advantage of the quarter system (see "General Information," p. 5, below) students may complete the course in two and one-fourth calendar years.

Only college graduates or students who have had college work equivalent to three years in the University are admitted as candidates for the degree of Doctor of Law (J.D.), which is conferred upon college graduates only. The University permits one year of law to be counted as the fourth year of college work, and confers an academic Bachelor's degree upon candidates for J.D. who have completed one year in the Law School, thus enabling them to obtain both the academic and the professional degrees in six years. (See "Degrees," below, p. 8.) Students over twenty-one years old are admitted as candidates for the degree of Bachelor of Laws (LL.B.) upon the conditions stated below, p. 7, under "Admission."

It is very desirable that the preliminary education of law students should include work in the social sciences, and provision has been made in the third college year for pre-legal study devoted chiefly to these subjects. This course is not required, but students expecting to study law are strongly advised to pursue it. Its suggested topics are found below, p. 10, under "Pre-legal Courses."

THE LAW BUILDING

The Law School occupies a building within the University quadrangles, erected especially for it in 1904. It is three stories high, 175 feet long, and 80 feet wide, built of stone in the English Gothic style of architecture. On the first floor are four lecture-rooms, two of which are in theater form. The mezzanine floor is occupied by the library stackroom, connected with the reading-room above by electric book lifts and designed to contain steel stacks for 90,000 volumes. Opening into the stackroom are studies for members of the Faculty and the Librarian's room. On the third floor is the reading-room, a great hall with high, timbered ceiling, 160 feet long and 50 feet wide, lighted on all sides by Gothic windows. It has shelves for 14,000 books and provides space for tables accommodating 400 readers. Adjoining the reading-room is the office of the Dean. In the basement is a smoking-room and the locker-room, containing several hundred steel-mesh lockers for the use of students.

THE LIBRARY

The Law Library contains about 42,600 volumes. Except a few county-court decisions, it includes all of the American, English, Irish, Scotch, Canadian, Australian, New Zealand, and higher Indian reports, with their digests; all past and present codes and statutory revisions of those jurisdictions; the recent
South African reports; all English, Irish, and Scotch statutes, and (except the early laws of some of the older states) nearly all of the session laws of the American states and Canadian provinces; all collateral reports and series of classified cases in use; an extensive collection of treatises, periodicals, trials, and legal miscellany, including a large amount of old English historical material; and a working library in French, German, Spanish, and Mexican law.

Students in the Law School may use the other University libraries, containing over 475,000 volumes.

GENERAL INFORMATION

THE QUARTER SYSTEM

The system prevailing in the University of dividing the work into quarters is adopted in the Law School. The quarters are designated as the Summer, Autumn, Winter, and Spring Quarters, beginning respectively in 1917–18 on June 18, October 1, January 2, and April 1. Each quarter is eleven to twelve weeks long, and the Summer and Winter Quarters are divided into two terms. A recess of about one week occurs between successive quarters, except that there is no recess between the Spring and Summer Quarters, and that there is one during September at the end of the Summer Quarter. Any three quarters count as an academic year, and it is thus possible to complete the three-year law course in two and one-fourth calendar years.

The work in the Law School is so arranged that it is better for beginning first-year students to enter at the opening of the Summer or Autumn Quarter than at any other time. The beginning courses given then are not repeated later, and, while such students may enter in the middle of the Winter, or at the beginning of the Winter or Spring Quarter, it is somewhat less advantageous to do so. Senior College students should plan their work to enter the Law School in June or October. Students admitted to advanced standing may usually enter without difficulty in the middle of the Summer or Winter Quarter, or at the beginning of any quarter. No courses begin in the middle of the Autumn or Spring Quarter.

FEES, EXPENSES, ETC.

1. Matriculation fee.—A matriculation fee of $5.00 is paid by every student entering the University for the first time.

2. Tuition fee.—The tuition fee in the Law School is $50 00 a quarter (in the Summer and Winter Quarters $25.00 a term) for regular work (three majors). Students who take half-work or less pay half-fees, and receive residence credit pro rata. With the consent of the Dean law students may take extra work in the Law School or in any department of the University without extra charge. If such extra work is counted toward admission requirements or a college degree, $17.50 a major is charged. Undergraduate students not registered in the Law School must pay $17.50 for each major law course taken as extra work.

For the pre-legal course the tuition fee is $50 00 a quarter for regular work. For extra work $17.50 a major is charged.

3. Graduation fee.—The graduation fee for any law degree is $10.00.

4. Payment of bills.—All tuition fees are due on or before the first day of each quarter, and are payable at the Cashier's Office, Press Building. If not paid before the end of the fifth day of the quarter a fee of $5.00 is added.
5. Rooms and board.—There are ten dormitories within the quadrangles, the cost of furnished rooms in which is from $25.00 to $75.00 per quarter of twelve weeks. This includes heat, light, and care. The University furnishes table board for men at moderate rates in the University Commons in Hutchinson Hall, the weekly cost of which need not exceed $4.00 to $5.00.

All applications for rooms, or for information concerning rooms and board, within or without the quadrangles, should be made to the Cashier, who will send diagrams and prices upon application.

6. Estimated expenses.—The following table gives an estimate of the annual expenses for three quarters (thirty-six weeks) of a student in the Law School residing within the quadrangles. The expense of a Summer Quarter is about one-third of these amounts.

It is believed that students who find it necessary to reduce expenses below the lowest of these estimates can do so. Furnished rooms outside the quadrangles, with heat, light, and care, may be obtained at from $1.50 a week upward, the $1.50 rate being easily secured where two students room together. Many places offer room and board from $6.00 upward. There are student clubs which secure board at cost, the rate during the past year ranging from $3.25 to $4.00 a week. A list of inspected and approved rooms and boarding-places outside the quadrangles is kept on file at the Housing Bureau, Press Building, where information regarding them may be obtained.

**SELF-HELP FOR STUDENTS**

A large number of students in various ways earn a portion of their expenses while in the University. The needs of a large city afford opportunities to part of these, and a smaller number obtain remunerated service with the University. The latter resource is open to those only who have spent at least one quarter in residence at the University. A student employment bureau makes systematic efforts to obtain positions for students desiring work.

All inquiries regarding self-help for students should be addressed to the Employment Bureau, Cashier's Office.

**SCHOLARSHIPS**

A small number of scholarships, each yielding a portion of the tuition fees for an academic year (three quarters), are awarded annually to meritorious members of the Law School needing such assistance, in return for service in the Law Library. A preference is given to students of high rank. Scholarships for the Summer Quarter only are awarded separately upon similar terms. All applications for scholarships for the Summer Quarter and for the succeeding year by students already registered in the School should be made in writing to
the Dean before June 1. Directions to entering students for making such applications will be sent upon request, the regulations governing them being somewhat different.

PRIVILEGES

Students in the Law School are entitled to all the privileges of the University upon the same terms as other students, including the use of the Frank Dickinson Bartlett Gymnasium, the swimming-pool, and the tennis courts, medical examination and advice from the University physician, admission to other courses in the University, and membership in the Reynolds Club.

ADMISSION TO THE LAW SCHOOL

PROFESSIONAL WORK

a) To candidacy for the degree of J.D.—Admission is granted:
   1. To college graduates whose degrees represent college work equivalent to 27 majors (three years) in the University.
   2. To students who have completed in the University or elsewhere 27 majors (three years) of college work.¹ Credit will be given for acceptable work done in other institutions of collegiate rank. Before receiving the degree of J.D. such students must obtain from the University or from some other approved institution an academic degree, and are permitted to count toward this one year of law. See the statement below, p. 8, under “Degrees.”

b) To candidacy for the degree of LL.B.—Admission is granted to students over twenty-one years old who have completed approved high-school or college work equivalent in amount to at least 15 units of admission credit to the University (the usual college-entrance requirement—ordinarily satisfied by four years of high-school work). This work must include 3 units in English. Certain special rules apply to students from the Junior Colleges. Candidates for this degree are strongly urged to complete at least one year of pre-legal work (see p. 10, below) before entering the Law School, and must maintain an average standing in their law work 10 per cent above the passing mark.

c) Unclassified students.—In rare instances students over twenty-one years old who cannot meet the above requirements will be admitted as unclassified students, if the Law Faculty is convinced that their previous training will enable them satisfactorily to pursue the work. Such students are not candidates for a degree.

ADVANCED STANDING IN PROFESSIONAL WORK

Students from other law schools of high grade, who are otherwise qualified to enter the School, will ordinarily receive credit, not exceeding two years in amount, for the satisfactory completion of work done there similar in character to that required here. Such credit will not exceed three majors for each quarter of law-school residence elsewhere. The right is reserved to refuse such credit, in whole or in part, save conditionally or upon examination, and credit given may be withdrawn for poor work. (See “Regulations,” p. 9.)

¹ By special permission of the Dean admission may be granted to students who have credit for but 24 majors, but such students must make up the deficiency before obtaining an academic degree from the University. Such permission will ordinarily be granted only in the Autumn Quarter to enable students to take advantage of courses beginning then. (See “The Quarter System,” p. 5, above.)
Candidates for the degree of Bachelor of Laws must be twenty-two years old to be admitted to second-year standing and twenty-three years old to be admitted to third-year standing. Law work done elsewhere by students while inadmissible here for this degree will be credited toward it only upon examinations taken after they become admissible.

No credit will be given for work not done in residence at a law school.

Graduate Work

College graduates, who are also graduates of a law school whose professional standards are equivalent to those required for membership in the Association of American Law Schools, and who give promise of ability to make a creditable contribution to legal scholarship, will, upon application to the Law Faculty, be admitted as candidates for a graduate Doctor's degree, whose designation will be announced later.

One fellowship paying $200 and tuition fees for a year is available to candidates for this degree, and may be awarded to a suitable applicant in the discretion of the Law Faculty. Applications therefor should be made not later than June 1.

Routine of Entrance

Applications and correspondence should be addressed to James P. Hall, Dean of the University of Chicago Law School, Chicago, Ill. A student from another institution should present his diploma or certificate of graduation; or, if he does not hold a degree equivalent to three years of college work in the University, he should bring a detailed statement of his work. Blank forms for such statements will be sent upon application. All credentials should be presented at the office of the Dean. In cases of doubt, correspondence is invited upon these matters before the student presents himself for admission. Directions for matriculation and registration will be furnished in the Dean's office.

Degrees

Academic degrees.—The University permits 9 majors (one year) of work in the Law School to be counted toward the degrees of A.B., Ph.B., or S.B. by candidates for the degree of J.D., who do not already hold degrees which would admit them to the Graduate Schools of the University, whether their preceding college work was taken here or elsewhere, provided only that the college work, if done elsewhere, be acceptable for advanced standing, and that the specific requirements as to courses and quality of work done here for the particular degree sought be satisfied in each case. Subject to these requirements a student admitted with a maximum of 27 majors (three years) of credit from other colleges may obtain a college degree after the completion of one year of law work, but meanwhile must also register with the Dean of the College in which he desires to take this degree, who will determine what steps must be taken to comply with requirements. A circular stating the specific requirements for college degrees will be sent upon application.

A minimum residence of three quarters in the University is required of candidates for academic degrees, and both an academic and a law degree will not be conferred for less than six quarters of residence.
The degree of Doctor of Law (J.D.) is conferred upon candidates therefor who are college graduates and have completed the professional course with an average standing 10 per cent above the passing mark. Law credit obtained by examinations taken before a student has taken 24 majors of college work will not be counted toward this degree.

The degree of Bachelor of Laws (LL.B.) is conferred upon candidates therefor who have completed the professional course with an average standing 10 per cent above the passing mark. To obtain either of the professional degrees it is necessary to complete 27 majors of law work, distributed over nine quarters of law-school residence, of which at least 9 majors of work and three quarters of residence (including the last quarter for which credit is given) must have been at this School and not counted toward a law degree elsewhere. The work of the first year and the practice courses are required.

Candidates for either of the professional degrees who complete the course with high distinction will receive the degree cum laude.

No professional degree will be conferred upon any student markedly deficient in English, and no student may receive both a first academic and a professional degree in the same quarter.

Graduate law degree.—A graduate Doctor's degree, the designation of which will be announced later, will be conferred upon candidates therefor upon the fulfilment of the following requirements:

1. At least three quarters of residence at this school.
2. The investigation, under the direction of the Faculty, of an approved subject, and the submission of a printed thesis thereon, which, in the judgment of the Faculty, constitutes a creditable contribution to legal scholarship.
3. The satisfactory completion of such other studies as the Faculty may in each case prescribe.

REGULATIONS

Law students who are candidates for an academic degree from the University must conform to the general rules and regulations governing Senior College students.

In any one quarter first-year students may not register for more than 3 majors, nor other students for more than 3½ majors of work, without the consent of the Dean.

Students may not take examinations (except to remove conditions or for advanced standing) in more than 10½ majors of resident work in any three consecutive quarters. Examinations upon the work of a former year are counted as of that year.

The work of the first year, the instruction in brief-making and legal argument, and the practice courses are required. The second- and third-year courses are elective and need not be taken in any fixed order.

To obtain credit toward a law degree for any work done in the School, students must pass the regular examinations, which are by printed questions to be answered in writing. Examinations in courses continuing more than one quarter will usually be held only at the completion of the course, and credit for the first part of a course is always provisional until its completion. No special examinations
will be given, nor will partial credit be allowed for any uncompleted course, or for one in which the student has not passed in the examination. Additional examinations in first-year subjects only will be held the last week in September for admission to advanced standing and for the removal of conditions. Application for admission to these examinations should be made not later than September 15. Other conditions may be removed or advanced standing obtained at the regular examinations.

A student who has had but one examination in a course in which his grade is below the average required for a degree may take a second examination therein whenever it is regularly given, and his second grade shall replace the first. Two successive conditions in a course or a single grade more than 10 per cent below the passing mark is treated as a failure, and no re-examination in that course is allowed unless it is retaken in class.

Regular attendance at class exercises is required as a condition of receiving credit for work done, and the privilege of membership in the School may be withdrawn for unsatisfactory work or attendance.

PRACTICE, BRIEF-MAKING, AND PUBLIC SPEAKING

To familiarize students with the more generally prevailing rules of procedure in American courts, courses in practice are offered in the second and third years of the curriculum, which include a study of the processes of litigation and practical exercises in the preparation and trial of cases. Both courses are required of all law students.

The former law clubs have been replaced by a moot court conducted by the School, in which every entering student is given opportunity to obtain some experience in brief-making and legal argument under competent supervision. Systematic instruction is also given in the use of digests and other legal search-books. All of this work is required of first-year students.

The University courses in public speaking and debate are open without extra charge to students of the Law School.

ORDER OF THE COIF

The Order of the Coif is a national law-school honor society, founded to encourage scholarship and to advance the ethical standards of the legal profession. Its members are selected during the Spring Quarter each year from the 10 per cent of the third-year class who rank highest in scholarship.

COURSES OF INSTRUCTION, 1917-18

PRE-LEGAL COURSES

Various studies especially valuable in the preliminary education of a lawyer have been designated as "pre-legal courses" and are enumerated below. Though not required, prospective law students are strongly advised to elect at least a year of work (chiefly in the third college year) from this group, and to choose their Junior College electives with this view. Candidates for the degree of LL.B. are also urged to take at least a year of pre-legal work before entering the Law School.
A choice among the courses offered in the University upon the following subjects is particularly recommended:

- Principles of Political Economy and Political Science; Constitutional and Political History of the United States; National, Federal, State, and Municipal Government; Constitutional and Political History of England; Oral Debates and Argumentation; Bookkeeping and Accounting; Railway Transportation and Regulation of Rates; Economic and Social History; Finance, Money, and Banking; Financial and Tariff History; Labor and Industry; Organization of Business Enterprise; Introduction to Study of Society; Social Origins; Contemporary Society in the United States; Industrial Groups and Urban Communities; Charities and Social Treatment of Crime; Social Forces in Modern Democracy; Logic and Psychology; Political and Social Ethics.

With the approval of the Dean of the Law School other courses may also be accepted as pre-legal work, especially those offered in the Departments of Political Economy and Political Science, courses in English, American, and modern European history, and courses dealing with modern social and municipal problems. Students who have not had the course in Civil Government in the United States, or who have not completed the courses in English composition required in the Junior Colleges, should take these before entering the Law School.

Note.—For detailed information concerning the above-mentioned courses, see the Announcements of the Departments of Political Economy, Political Science, History, and Sociology which will be sent upon application to the University of Chicago.

PROFESSIONAL COURSES

The credit-value of courses of instruction is reckoned in majors and minors. Mj. = Major course, four hours weekly for one quarter. M. = Minor course, four hours weekly for one term. DM. = Double Minor course, eight hours weekly for one term. Twelve hours a week are full work. Many of the courses continue through more than one quarter, and for these no partial credit will ordinarily be given. Credit for the first part of a course is provisional until its completion.

THE UNIVERSITY OF CHICAGO

THE SUMMER QUARTER, 1917

The Summer Quarter work counts toward a degree as part of the regular instruction of the School. (See "The Quarter System," p. 5.) The courses offered are substantially changed from summer to summer, so that advanced students may continue their work during this period, thus shortening the calendar time for the three-year course without reducing the period of actual residence; and beginning students may commence the study of law in the summer, to be continued either in the autumn or during the next summer. The courses to be given in successive summers are so arranged that either first- or second-year students may take one, two, or three quarters in succession in the summer only, before continuing in a following Autumn Quarter. This plan offers particular advantages to school or college teachers intending to practice law who desire to complete part of their preparation for the bar before leaving their positions to enter a law school. The summer work also affords a special opportunity to students in other law schools who wish to do extra work, and to practitioners who desire systematically to pursue particular subjects. The courses announced below and books used will be found described in numerical order on pp. 11–16 of this Announcement.

The Summer Quarter begins June 18 and ends August 31. The First Term ends July 25; the Second Term begins July 26. With the permission of the Dean, starred (*) courses continuing through both terms of the quarter may be taken for the First Term only, but no examination may be taken until the student later completes the course. Twelve to fourteen hours weekly constitute full work. By special permission a maximum of sixteen hours may be taken. Courses 2A, 9, and 60 are beginning first-year work. For the meaning of Mj., M., and DM., see p. 11, note.
